Our Vision

We bring diverse perspectives together: workers, business, poor people, academics, and the environment, to create the world’s largest movement for fair, green economies.

We champion the fundamental principles of the green economic transformation: environmental limits, equity, and inclusion.

We link local to global, and bring the story of the transition to citizens, voters, and change-makers.
Our dialogue model
Our Five Themes

Measuring & Governing
Re-wiring our institutions and reporting systems to better understand the opportunities and risks of the future

Greening Economic Sectors
Championing the new industrial revolution in food, energy, transport and infrastructure - with a focus on small green enterprises

Valuing Nature
Helping companies and governments to understand our dependence on healthy natural ecosystems

Reforming Financial Systems
Diversifying capital markets; bringing environmental and social planning into financial decisions

Tackling Inequality
Ensuring the transition is just & fair for poor people, informal workers and marginalised communities

Our Strategy

**GEC VISION**: Prosperity for all within one planet limits.

**GEC GOAL**: To accelerate the transition to a green, fair and inclusive economy.

**CONNECT**: We make bridges between business, civil society, government and people. We stimulate debate, dissent and dialogue.

**COMMUNICATE**: We tell the stories of change. We track the transition. We bust economic myths.

**INFLUENCE**: We champion the voice of the excluded. We challenge the status quo. We hold decision makers to account.

**Four Core Activities**

1. Building a story of change - global advocacy and knowledge platforms.
2. Stimulating policy on five thematic action areas.
3. Mobilising national action and leadership through dialogue.
4. Strengthening our network of allies, partners and members.
